HILUX REVO 2015+

## WELCOME TO THE AFN FAMILY

This manual contains the **Toyota HILUX REVO +2015** fitting instructions for:  
**Rear Step Bar Ref.: 48002304**

## 1 INTRODUCTION

### The Company

Founded in 1995, AFN - 4x4 Accessories dedicates itself to the production and commerce of all-terrain accessories. Its constant concern in its customers total satisfaction, and in the ideals of innovation and transformation have granted a position of notability both in the national and international panorama.

The only company in Portugal in the mass production of 4x4 accessories, relies on specialized and experienced technicians, with the most adequate knowledge, to an efficient response capability to its customers demands.

Thanks to the specialization in the several areas of design and manufacture and to a constant investment in technology, AFN has been broadening its wide range of products, without ever neglecting the quality factor.

### 4x4 Accessories

In its diversity of products we can include, with all-terrain quality, protection, safety and aesthetic accessories.

And it is here that AFN invest on the best technology, the best cut precision of the raw material, and the transformation of products with the quality recognized in the marketplace.

AFN has, at its disposal, resources to test and analyse the resistance of its products and stands in the front row regarding the European homologation of materials dedicated to all terrain.

The contact with the most important test laboratories for vehicles, both in England, Spain and Germany, provides AFN with the know-how to manufacture a wide range of quality products.

### Our Design Approach

AFN designs each accessory taking into consideration the original model lines and fitting points. We refuse to have a "one design fits all" solution and we are always looking forward to embrace new challenges on how to adjust a new product into a new model!

The days of just throwing on a bit of steel together to form a protection system are gone. AFN is leading the way modern vehicle protection components are manufactured. Other will follow, and it won't be long where the AFN approach to Styling, Fit, Form and Function will become the benchmark for all other manufacturers.

## 2 FITTING INSTRUCTIONS

### WARNING:

Before you begin installation, read all instructions thoroughly.  
Proper tools will improve the quality of installation and reduce the time required.

- This product should be installed as demonstrated in the *Product «Fitting Instructions»*;
- The specified parts, will only fit the models specified by **AFN**;
- Do not modify any component of the product;
- It is recommended that this product is installed by specialized and trained personnel;
- AFN doesn't take responsibility for changes made in the vehicle by its manufacturer;
- Work safely and use specialized tools at all times;
- **Always use protective gear.**

Size	Torque Nm	Torque lbft
M6	9 Nm	7 lbft
M8	22 Nm	16 lbft
M10	44 Nm	32 lbft
M12	77 Nm	57 lbft

### Mouting Time

- 1 hour
- 2 persons (recommended)

### Tools Required

- Wrench
- Ratchet wrench
- Needle plier
- Crane

## Step 1

Remove the OEM\* rear bumper just as specified by the vehicle manufacturer in your maintenance manual. (Be aware that you must save the OEM bolts and nuts.)

Once everything is ready, it should look like the image on the right.

## Step 2

Before inserting the **AFN Rear Step** on the vehicle there are some details that we advise to do first (so, place it on a flat working surface):

Start by fitting the **47001233** on the **AFN Rear Step**.

Bolts needed:

**1** - Loosen the nuts from part **47001233** and fit it on the **AFN Rear Step**.

**Give the final torque.**

**2** - 45000043; 45000050 x3; 45000074; **M6x20**

**Do Not give the final torque.**

Fit **45000641**- **Spring** between the **46007085** - **Plate Bracket** and the **AFN Rear Step**.

If you done it correctly this is what it should look like.

Please note the **45000050** between **Rear Step** and **Plate Bracket**.

You may use a needle plier in order to help you fix the spring.

## Step 3

Fit part number **47001737** on the **vehicle chassis**, as showed in the image.

Bolts needed:

**1** - 45000007; 45000010 x2; 45000017; **M12**

Repeat this step on the other side for part **47001736**.

Just finger tight all bolts and nuts - **Do Not tighten yet.**

### Step 3

On part number **47001737** there are still three more to fit on the **vehicle chassis**, as showed in the image.

Bolts needed:  
2 - 45000315; 45000036; **M12x30**

Repeat this step on the other side for part **47001736**.

Give the final torque.

### Step 4

With help of another person or a crane, lift part number **47001735 - AFN Rear Step** and place it into the part number **47001736** and **47001737**.

Mind that this is a precision task, please take time to correctly assemble this step.

When the **AFN Rear Step** is in place, start by tightening all the bolts.

Bolts needed:  
**1** - 45000067; 45000042 **x2**;  
45000066; **M12x35**  
**2** - 45000007; 45000010 **x2**;  
45000017; **M10x30**

Just finger tight all bolts and nuts - **Do Not tighten yet.**

### Step 5

Fit part number **47001738 - Reinforcement** on both parts **47001736** and **47001737** as showed in the image.

Bolts needed:  
**1** - 45000067; 45000042 **x2**;  
45000066; **M12x35**

Just finger tight all bolts and nuts - **Do Not tighten yet.**

**Step 5**

Fit part number **47001738 - Reinforcement** on the **AFN Rear Bumper** as showed in the image.

Bolts needed:

**2** - 45000007; 45000039 **x2**;  
45000017; **M10x30**

Adjust the **AFN Rear Step** the best way.

**Give the final torque.**

**Step 6**

Once the **AFN Rear Bumper** is fitted, reattach the electrical wires for the Rear registration plate lamp.

*We advise to do a test in order to check if all the lights are correctly working.*

**Step 7**

These two bolts are made for when you attach the towbar, you may adjust it the best way.

Bolts needed:

**1** - 45000267; 45000034; **M12x40**

**2** - 45000267; 45000034; **M12x40**

*Since these two are optional, you can fully tight them.*

## Step 8

Your new **AFN REAR STEP BAR** is now installed on your **Toyota Hilux REVO**!

Have Fun!

## Reminder !

Before operating a vehicle fitted with an **AFN Rear Step**:

- Make sure all fittings are tightened
- Check all electrical wiring attached to lights and parking sensors (if installed)

## Maintenance | Care

Periodically check and tighten all nuts. Stripped, fractured or bent bolts or nuts need to be replaced.

## 3 D-MAX CATALOGUE

**AFN 4x4 Accessories** is becoming a well known brand for its products due to its quality, design and safety which are challenged for thousands of people everyday, worldwide.
